

Memorandum

Date: November 13, 2003

To: Kent Beers
Frank Lilly

Project: **Stage II**
Monticello Maintenance Facility Addition
DFCM Project 03080900

Justification for Short List Selection

The selection of the three contractors, Tri-Hurst Construction, Pentalon Construction, and WCI Construction Specialties, Inc., to form the short-list of contractors for the Stage II of this selection is justified because of the following:

- 1) The only contractors who submitted the requirements of Stage were the same contractors.
- 2) The contractors were judged by the committee, according to the criteria shown in the Stage I requirements, to be qualified to construct the project.
- 3) Each of the contractors is willing to proceed to Stage II of the selection.
